2.0 Offered Services

Established in 2006, Chimera Enterprises International (Chimera) is a Service-Disabled Veteran-Owned Small Business providing research, technical, intelligence, analysis, training, exercise, and logistics services. Chimera's focus areas are the Chemical, Biological, Radiological, Nuclear, and Explosives (CBRNE); Weapons of Mass Destruction (WMD); Counter-Improvised Explosive Device (C-IED); Counter Threat Network (CTN); and Biometrics problem sets.

CAPABILITIES AND EXPERIENCE

PROGRAM AND BUSINESS OPERATIONS

- Program Management
- Acquisition Support
- Budget Management
- Program Analysis
- Business Process Development

TRAINING AND EXERCISE SOLUTIONS

- Instructional Systems Design
- Curriculum Development
- Training Delivery
- Training Aid Fabrication
- Exercise Design and Execution

INTELLIGENCE SUPPORT

- All Source Analysis
- GEOINT and Imagery Analysis
- Imagery Science
- CBRNE Collection, Processing, Exploitation, and Analysis
- Violent Extremist Organization Analysis
- Weapons Technical Intelligence
- Emerging Threat Analysis

INFORMATION TECHNOLOGY

- Configuration Management
- IT Asset Management
- Systems Administration and Support

DEFENSE SUPPORT

- Strategy Development
- CWMD Advisory and Assistance
- Strategic Communications
- Force Modernization
- Operations and Planning Support
- Partner Nation Capacity Building

BIOMETRICS AND FORENSICS

- Deployable Laboratory Support
- Latent Print Examination
- Explosives Chemistry
- DNA Analysis
- Evidence Handling

TECHNICAL SUPPORT

- Modeling and Simulation
- Threat Signature Science
- Technical Reach-Back Support
- Threat Vulnerability and Assessments

LOGISTICS

- Integrated Logistics Support
- Warehouse Management and Operations
- Supply Operations
- Equipment and Vehicle Maintenance
- Facilities Management and Maintenance

CURRENT CUSTOMERS: U.S. Army, U.S. Navy, U.S. Marine Corps, Defense Threat Reduction Agency, Defense Intelligence Agency, National Geospatial-Intelligence Agency, Department of State, and Department of Homeland Security

PRIME CONTRACT VEHICLES: GSA OASIS SB Pool 1 and MAS; RS3; JE-RDAP; SeaPort NXG; JE CLASS II

NAICS CODES: 541330, 541340, 541380, 541513, 541611, 541618, 541620, 541690, 541712, 541990, 561210, 562112, 562910, 611430, 611699, 611710, 811219

3.0 Labor Category Descriptions

Labor Categories	Descriptions
<p>Program Manager II</p>	<p>Education: B.S. or B.A. Degree.</p> <p>Experience: B.S. or B.A. Degree; At least 5 years of direct supervision of programs, projects, or personnel involved in engineering, analytical, scientific, or technical efforts in support of complex systems or processes.</p> <p>Duties: Performs day-to-day management of overall program and/or contract support operations, possibly involving multiple projects and groups of personnel at multiple locations. Organizes, directs, and coordinates planning and production of all contract support activities. Demonstrates written and oral communication skills. Establishes and alters (as necessary) corporate, program, project, and/or contract management structure to direct effective contract support activities.</p>
<p>Project Manager</p>	<p>Education: B.S. or B.A. Degree.</p> <p>Experience: At least 8 years of direct supervision of technical personnel involved in engineering and/or technical efforts in support of complex systems or processes. Must be capable of leading projects that involve the successful management of teams composed of engineers, scientists, and management and technical professionals who have been involved in analyzing, designing, developing, integrating, training, testing, documenting, implementing, and maintaining complex systems.</p> <p>Duties: Performs day-to-day management of overall contract support operations, possibly involving multiple projects and groups of personnel at multiple locations. Organizes, directs, and coordinates planning and production of all contract support activities. Demonstrates written and oral communication skills. Establishes and alters (as necessary) corporate management structure to direct effective contract support activities.</p>
<p>Functional Expert Consultant, Level V</p>	<p>Education: Master's Degree</p> <p>Experience: This position requires at least 10 years of experience in the appropriate area.</p> <p>Duties: Provides task unique functional expertise necessary to interpret requirements, ensure responsiveness and achieve successful performance. May include subject matter and unique technical knowledge. Assists engineering, training, exercise, analytical, scientific, intelligence, construction, facilities and/or logistics staff with the analysis, evaluation, design, and implementation of systems, resources, methods, processes, analytical, or engineering related tasks.</p>
<p>Functional Expert Consultant, Level IV</p>	<p>Education: B.S. or B.A. Degree.</p> <p>Experience: This position requires at least 10 years of experience in the appropriate area.</p> <p>Duties: Provides task unique functional expertise necessary to interpret requirements, ensure responsiveness and achieve successful performance. May include subject matter and unique technical knowledge. Assists engineering, training, exercise, analytical, scientific, intelligence, construction, facilities and/or logistics staff with the analysis, evaluation, design, and implementation of systems, resources, methods, processes, analytical, or engineering related tasks.</p>
<p>Functional Expert Consultant, Level III</p>	<p>Education: B.S. or B.A. Degree.</p> <p>Experience: This position requires at least 8 years of experience in the appropriate area.</p> <p>Duties: Provides task unique functional expertise necessary to interpret requirements, ensure responsiveness and achieve successful performance. May include subject matter and unique technical knowledge. Assists engineering, training, exercise, analytical, scientific, intelligence, construction, facilities and/or logistics staff with the analysis, evaluation, design, and implementation of systems, resources, methods, processes, analytical, or engineering related tasks.</p>
